Dig, Dig Arbor Day Maze Parts of a Crossword Tree Parts of a Tree Tree Tree Search Appreciating Trees Coloring Page Plant a Tree Symbol Coloring Page Plant a Coloring Page Tree Smiling Tree Coloring Tree Tree Picnic Page We have hundreds of writing instructions/story start for kids for almost any occasion and season. Here are two new worksheet sets to help your students discuss the priorities and benefits of caring for our environment. The first set of 8 is for Earth Day, which was founded in 1970 as a movement to end pollution. In recent years, the organization has placed a more specific focus on ending plastic pollution. This has become one of the most damaging things that happens to our environment, especially in our oceans. Recently, a disturbing video of a diver filming plastic pollution in the ocean near Bali has gone viral. We think every child should see this! Earth Day Writing Prompts 4 Writing Prompts for Arbor Day Below are 4 more writing messages to celebrate the trees! Arbor Day began in America in 1872, when a million (!!) trees were planted in Nebraska. Today it is celebrated by planting trees on the last Friday of April. But, if you live in the northern part of the country, you may need to wait a little later in the season for optimal planting times. The important thing is this: planting trees! Are you ready to integrate some tree-related activities into your class this Arbor Day? Try some of the tips below. Study the ecosystem of a particular tree. Learn how to identify trees in your community. Students can use a tree key or create their own. Take a walk in the and practice this new skill. Study the structure of a tree, how it works and what benefits a tree provides. Learn about the history of Arbor Day. Study the importance of trees in different cultures. Relate the history of the United States or your community to the growth rings of a tree. Learn to measure the height, spread of the crown and the diameter of a tree. Having Have children count the rings on a tree stump. Look for a number model in kind. Collect the leaves, brush paint tempera on them and make leaf prints. Do bark rubbing. Have students swap with chafing to see if they can identify each other's tree. Tree shapes often help in the identification of trees. Pretend students are a certain type of tree: weeping willow, redwood, etc. Write an Arbor Day poem or rap and run it for school. Have each one write a description of a tree found on the school grounds. Then see if other students can find using the description. Ask students to write letters to community tree planters, thanking them for their efforts. Learn about spices and other foods and learn about the trees that produce them. Put in a comedy about Arbor Day. You can have students write their own game or perform Trees: A Joy Forever Play Leaf ID or Junior Arborist, and see which class or group of students can answer the most tree-related questions. Plant trees on the school grounds and learn how to maintain them. Attend an Arbor Day community celebration. In past years, educational activities have been developed for use in fifth-grade classrooms. Please feel free to continue using this great content and adapt it to meet your needs.
